## Key Findings & Business Recommendations

### Key Insights

Fruits & Vegetables and Snack Foods are the highest-selling categories.

Low Fat products contribute a higher sales share, indicating a shift toward healthier choices.

Supermarket Type 1 outlets and medium-sized outlets generate maximum sales.

Tier 3 locations lead in sales, showing strong demand in semi-urban markets.

Customer ratings remain stable at around 3.9, reflecting consistent satisfaction.

### Business Recommendations

Expand medium-sized outlets in Tier 3 locations.

Prioritize inventory and promotions for top-performing categories.

Improve visibility and marketing for low-performing outlets and products.
